

## Chailey Commons Bug Hunting Challenges

We have changed our Annual Bug Hunt Expedition to 5 Bug Hunt Challenges for you to do self-led with your families.

Choose any of the commons and spend 5 minutes on each of the 5 challenges.

Please bring an adult with you and, at all times, remember to be gentle with the mini beasts you find and return them to their original habitats. It's best not to pick them up with your fingers as otherwise you may damage them.

### **You will need:**

Your eyes to observe, patience and hunting skills!

The following equipment will be useful to help you observe closely:-

- A magnifier;
- White pot or bug pot;
- White plastic spoon, lollipop stick or small paint brush;
- A large piece of white material.
- Any Bug ID sheets or books
- Pencil and make a copy of our Bug Hunt Challenge Sheet
- A Camera.
